First Aid, CPR Adult/Child/Infant, & AED Adult/Child

First Aid Purpose: To teach lay responders the knowledge and skills necessary to give care in an emergency, help sustain life and minimize the consequences of injury or sudden illness until medical help arrives.

CPR Purpose: To train lay responders to overcome any reluctance to act in emergency situations and to recognize and care for life-threatening respiratory or cardiac emergencies in adults, children and infants.

AED Purpose: To teach lay responders the skills and knowledge needed to provide care for adults experiencing sudden cardiac arrest through the safe use of an automated external defibrillator (AED). Also, to teach how to use an AED with pediatric AED pads on child victims between the ages of 1 & 8 or less than 55 pounds.
